

Humble ISD Agriscience Facility Emergency Response Guide

Barn Safety Plan

Electricity Protocol

- Must be heavy-duty outdoor rated and utilized for temporary use only (Powering fans, heat lamps and radios are not considered temporary use). Surge protectors should be used in lieu of extensions cords where electricity will be required for extended periods of time.
- Multi-plug adaptors are prohibited at any time.
- All electrical cords shall only be run with prior approval from the ag teacher.
- Heat lamps shall be placed in such a manner as to not allow contact from project animals or with any combustibles (bedding, hay, wood chips, plywood, paper, fabric, tarps, etc.), and must be secured in a manner to prevent contact with combustibles.

Fire/Evacuation

- If a fire is detected, call 911 immediately.
- Contact district dispatch at 281-641-7900.
- Contact district maintenance at 281-641-8700.
- Contact agriculture teacher.
- Do not enter the barn if it is already engulfed in flames. Proceed to evacuation area.
- Small fires are encouraged to be extinguished with existing fire extinguishers and water on the premises.
- If it is safe to enter the barn, evacuate the animals one at a time, starting with the most accessible ones. Animals should be moved to a safe enclosed area. Never let animals loose in an area where they are able to return to the affected area.

Revised 11/16/2018

Intruder

- If you see a violent person or a person with a weapon inside or near the barn, evacuate the property immediately, if unable, seek a safe place and call 911.
- Provide as much information about the intruder as possible – description, location and target, if it is known.
- Contact district dispatch at 281-641-7900.
- Contact district maintenance at 281-641-8700.
- Contact agriculture teacher.

Severe /Weather

- Contact district dispatch at 281-641-7900.
- Contact district maintenance at 281-641-8700.
- Contact agriculture teacher.
- Evacuate the area if possible. If unable to evacuate the area, move to a safe location.

Injury/Sudden Illness

- Assess the injury/situation.
- If the injury is major, or if you are unsure, DO NOT MOVE THE STUDENT/PARENT. Immediately call 911.
- If trained to do so, administer first aid. Wash hands immediately after providing first aid.
- Contact district dispatch at 281-641-7900.
- Contact district maintenance at 281-641-8700.
- If injury is minor, contact agriculture teacher.
